Testimony

I strongly support Bill 22, which I believe will go a long way towards reducing the pet overpopulation problem and the high euthanasia rates at the Hawaiian Humane Society. It is a great idea to make spay and neuter more affordable for those with Medicaid and low income housing benefits. Additionally, this bill will encourage more people to be participate in TNR to reduce the feral cat population, as it will be significantly more affordable and will open up additional options for feral cat sterilization surgery. Please pass Bill 22 as written.
